

DYNAMO

DYNAMO

TENDA A PERGOLA.

Struttura ombreggiante in alluminio con tenda richiudibile ad impacchettamento, pensata per riparare dai raggi del sole, dalla pioggia e dall'umidità. Formata da un telo, teso quando aperto, fissato ad un sistema di traversi, carrelli e guide che ne permettono lo scorrimento orizzontale.

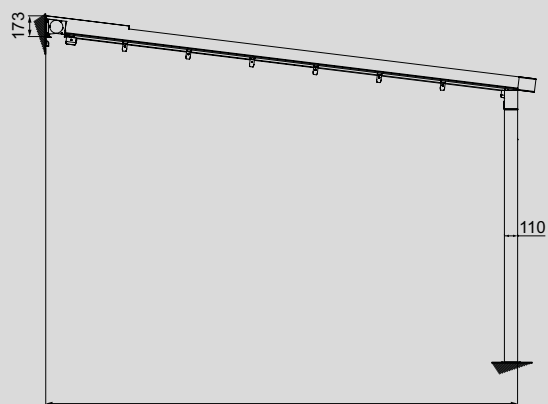

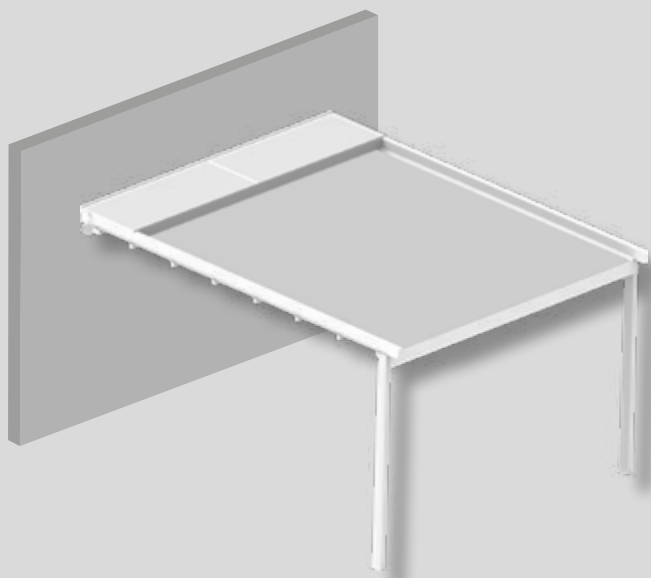

Dynamo è personalizzabile esteticamente grazie all'uso di diversi tessuti.

PERGOLA AWNING

Aluminium awning structure with a retractable, folding awning, designed on purpose to give shelter from sunlight, rain and humidity. It is made up of a cloth, which is tensioned when opened, fixed to a system with crossbar profiles, trolleys and guides; the system allows a horizontal sliding. The possibility to use different fabrics makes Dynamo highly customisable in its aesthetic.

TOLDO CON PÉRGOLA.

Estructura de aluminio para dar sombra para toldo plegable Toldo plegable por empaquetamiento, ideal para protegerse de los rayos del sol, de la lluvia y de la humedad. Está formado por una lona, tensada cuando el toldo se abre, fijada a un sistema de travesaños, carros y guías que le permiten deslizarse horizontalmente. Dynamo permite la personalización estética gracias al uso de diversos tejidos.
